

# BOARD OF PATRONS

## FOR EUROPEAN YOUTH

The Board of Patrons consists of public figures from the worlds of politics, business and academia, united to strengthen the efforts of "My Europe". Under the presidency of Viviane Reding, these public figures represent the initiative in their respective countries and provide local support for workshops, from the initial planning right through to the final execution. They believe that it is essential to give a voice to the youth of Europe if we want to create a prosperous future for all of us. Without their efforts "My Europe" would not be as successful as it is today. We owe our gratitude to all members of the Board of Patrons for their continuous support!
